Anton Minin Baranovskii

Senior Frontend Engineer (React / TypeScript)
Buenos Aires, Argentina
Email: as.minin.tt@gmail.com | Phone: +54 11 6038 5977
Website: antonmb.com

Professional Summary

Senior Frontend Engineer with 7+ years of experience building scalable, high-performance web applications. Strong expertise in React, TypeScript, and frontend architecture. Experienced in designing complex systems, improving performance, and leading frontend initiatives in cross-functional teams.

Skills

JavaScript, TypeScript, React, Next.js, Astro, Preact, Redux, MobX, React Query, Zustand, Node.js, AWS, Docker, Kubernetes, CI/CD, HTML, CSS, SCSS, Tailwind CSS, Styled Components, Webpack, Vite, Jest, REST APIs, GraphQL (basic)

Experience

Founder / Senior Frontend Engineer
Toqen.app — Full-time
Aug 2025 – Present

- Building an access-first authentication system with QR-based login and real-time authorization
- Designed full system architecture (web, mobile, backend)
- Implemented secure authentication flows (challenge/nonce, TTL, device-based access)
- Developed mobile app (React Native / Expo) with QR scanning and secure storage
- Integrated OIDC flows and built scalable authentication infrastructure
- Designed developer-oriented architecture enabling fast integration (SDK approach)

Product & Engineering
Litseller — Part-time
Jul 2025 – Present

- Built a multilingual reading platform focused on accessibility and UX
- Designed frontend architecture and localization workflows

Product & Engineering
Start4Drive — Part-time
Jul 2025 – Present

- Developed a learning platform for driving theory exam preparation
- Designed clear UX for complex educational content

Frontend Developer
Yandex
Jan 2023 – Jun 2025

- Developed scalable B2B admin platform with reusable UI architecture
- Implemented custom localization system without external providers
- Implemented real-time preview system, improving UX responsiveness and reducing user interaction latency
- Integrated microservices and external APIs
- Conducted code reviews and contributed to architectural decisions

Stack: React, TypeScript, Redux, React Hook Form, React Query, AWS, Node.js, Jest, Docker

---

Lead Engineer
Sber
Oct 2019 – Sep 2022

- Designed and delivered SPA replacing legacy system
- Improved performance and reduced processing time
- Led frontend development and architecture decisions

Stack: React, TypeScript, Redux, Jest

Earlier Experience

Infogorod — Lead Software Engineer (2018–2019)
Intermobility — Web Developer (2019)
Cruise House "MK" — Frontend Developer (2016–2017)
Aktikom — HTML Developer (2016)

Education

Samara State Technical University — Mechanical Engineering
Samara State Technical University — Electric Power Stations
Bauman Moscow State Technical University — Courses: React, Databases

---

Languages

English — B1
Spanish — A2
Russian — Native
